

CM Schoolyard Alert, helping schools stay connected with their communities whenever important broadcasts are needed.

**School posts an urgent message within Schoolyard Alert**

**Parents are notified in a manner that works for them**

**Text** messages, **voice** alerts and **email** notices can be automatically transmitted and efficiently tracked. CM Schoolyard Alert is a cost-effective, prompt and reliable tool that no school should be without.

## Prompt Delivery

Using CM Schoolyard Alert, messages are sent and received almost instantly. More effective than phone trees and faster than email blasts – all through an intuitive, one-step process.

## Track Acknowledgment

Keep track of your messages – CM Schoolyard Alert also tracks acknowledgment of message receivers, and the date and time when the message was delivered.

## User-Friendly

Our simple user interface allows your school staff to start using the system from day one. There is no hardware to purchase, no system to configure. Key and send a message and see the result on your easy to read dashboard.

## Variety Of Uses

You can use CM Schoolyard Alert in many different ways. Following are a few examples:

- Emergency Alerts (e.g., lockdown)
- Event Notification
- Class Cancellations
- Sick Kids
- Absentee Students
- Schools Bus Delays
- Field Trip Schedule Changes
- Local Dangers
- Weather School Closure
- Important School Event Reminder
- Program Rescheduling
