

CM Schoolyard brings students, parents, educators and mentors together — your entire community — in a secure and private online environment.

Improve learning, communication and community involvement at your school with the easy-to-use CM Schoolyard.

Uses:

- | | |
|--|------------------------------------|
| Easy classroom communication | Automatic notifications |
| Sharing school calendars, events, and forms with the community | Definitive online school directory |
| Managing and sharing grades | Tracking volunteer participation |
| | Running committees and fundraisers |

Effective, Private Communication

- Timely classroom to home communication
- Keep parents up to date
- Share access to grades and assignments
- Plan and manage fundraisers; facilitate parent committees

Easy Administrative Control

- Centralized system to accomplish most administration tasks
- Events, calendars, schedules and extra-curricular activities easily managed
- Control who can access and change information
- System set up and running in no time at all

Secure and Affordable

- Protected by the highest levels of encryption
- No hardware or software to purchase
- Free, automatic upgrades
- Only pay for the modules you need
